7:00 to 8:30 PM IN THE SCHOOL GYM

True Colors

True Colors® is a simple model of personality identification for people of all ages that improves communication through recognition of a person's true character. Utilizing the colors of orange, green, blue and gold to differentiate four basic personality types. The mission of True colors is to enhance the way we live, work, communicate and interact with those around us at work and in our personal lives.

The school staff attended the training during the summer, and our 7th and 8th grade students will spend time on Sept. 14th learning and applying the character traits of the four dominant personality styles. They will develop a better understanding of how each of them is uniquely different and ways to build tolerance and respect for others. We invite you to experience the nationally recognized program as well.

Childcare will be provided by the school. Please call the school office to arrange childcare.
